

Self Storage Checklist

→ Insurance

- Insure your items before putting in storage
- Verify with renters or homeowners' insurance policy that items are covered

→ Figure out how much space you need

- Measure larger items to make sure you choose a large enough unit
- Review our available unit sizes to choose the right one

→ Create an inventory of your items

- List and photograph your items
- Label your boxes

→ Protect your items

- Cover furniture with sheets, blankets, or pads
- Seal boxes tightly
- Use mattress storage bags if storing mattresses
- Disassemble large items to prevent damage and save space

→ Fill your unit strategically

- Place items that will go in and out of storage in the front of the unit
- Line the bottom of the unit with the large and heavy items
- Store the lightest and most fragile items on top
- Disassemble large items to prevent damage and save space
